EMBMt ALLO and AUTO TRANSPLANT SURVEY SHEET 2016

 Indication		Allogeneic											Autologous			Total					
		Family									Family Total	Unrelated			Unrelated Total	BM	PBSC	Cord	Allo	Auto	Total
		HLA - Id Sibling			Non - Id			Twin				BM	PBSC	Cord							
		BM	PBSC	Cord	BM	PBSC	Cord	BM	PBSC												
Leukemias	AML CR ₁		19													2			19	2	21
	>CR ₁		3																3		3
	ALL CR ₁		6																6		6
	>CR ₁		1																1		1
	CML CP ₁																				
	>CP ₁																				
	MDS																				
	MPD including JMML																				
	Total Leukemia			29																29	2
LPD	Myeloma															39				39	39
	Other Plasma Cell Disorders																				
	NHL		3													7		3	7	10	
	Hodgkins Disease		4													16		4	16	20	
	CLL including PLL																				
	Total LPD			7												62		7	62	69	
Solid Tumors	Breast																				
	Neuroblastoma																				
	Germ Cell Tumor														2			2	2	2	
	Renal Cell Ca																				
	Other Solid Tumor														1			1	1	1	
	Total Solid Tumor														3			3	3	3	
Bone Marrow Failure	Aplastic Anemia		1																1		1
	PNH																				
	Other Acquired BM Failure Syndromes																				
	Congenital BM Failure Syndromes																				
	Total Congenital BMF Syndromes			1															1		1
Hemoglobinopathy	B. Thalassemia																				
	Sickle Cell																				
	Other Hemoglobin Disorder																				
	Total Other Hemoglobin Disorder																				
Primary Immuno Deficiency	LAD																				
	WAS																				
	SCID																				
	Chediak Higashi																				
	Others <small>CGD, Familial HLH, IFNγRdef, HLA Class II def, Omens, DGS, PAID</small>																				
	Total Others																				
Other Inherited Disorders	Osteopetrosis																				
	Inherited Metabolic Disorders																				
	Other Inherited Disorders <small>incl Glanzman thrombocythemia</small>																				
	Total Other Inherited Disorders																				
Others	Autoimmune Disorders																				
	Others including Langerhan cell Histiocytosis																				
	Total Others																				
Allogeneic Conditioning	Conventional		16																16		16
	RIC		5																5		5
	Others/Unk																				

Please return completed sheet to Dr. Fazal Hussain at fhussain@kfsshr.edu.sa or fax at 966-11-4423941. Thanks.
